Decision by Stipulation; Damages;
Tetanus-Diphtheria-Acellular
Pertussis (“Tdap”) Vaccine;
Meningococcal Vaccine; Acute
Disseminated Encephalomyelitis
(“ADEM”)

Franklin John Caldwell, Jr., Maglio Christopher and Toale, PA, Sarasota, FL, for Petitioner.

Ryan Pyles, U.S. Dep’t of Justice, Washington, DC, for Respondent.

DECISION AWARDING DAMAGES¹

On October 13, 2011, Kyle H. Goelling filed a petition seeking compensation under the National Vaccine Injury Compensation Program.² Petitioner alleges that as a result of receiving the tetanus-diphtheria-acellular pertussis (“Tdap”) and meningococcal vaccines on or about June 5, 2010, he developed acute disseminated encephalomyelitis (“ADEM”) and related sequelae, and that he experienced the effects of this injury for more than six months.

¹ Because this decision contains a reasoned explanation for my action in this case, it will be posted on the website of the United States Court of Federal Claims, in accordance with the E-Government Act of 2002, Pub. L. No. 107-347, § 205, 116 Stat. 2899, 2913 (codified as amended at 44 U.S.C. § 3501 note (2006)). As provided by 42 U.S.C. § 300aa-12(d)(4)(B), however, the parties may object to the inclusion of certain kinds of confidential information. To do so, Vaccine Rule 18(b) provides that each party has fourteen (14) days within which to request redaction “of any information furnished by that party: (1) that is a trade secret or commercial or financial in substance and is privileged or confidential; or (2) that includes medical files or similar files, the disclosure of which would constitute a clearly unwarranted invasion of privacy.” Vaccine Rule 18(b). Otherwise, the decision will be available to the public. *Id.*

² The National Vaccine Injury Compensation Program comprises Part 2 of the National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755 (codified as amended, 42 U.S.C.A. § 300aa-10 – 34 (2006)) [hereinafter “Vaccine Act” or “the Act”]. Individual sections references hereafter will be to § 300aa of the Act.

Respondent denies that the vaccines, either singly or in combination, are the cause of Petitioner's ADEM and/or any other injury. Nonetheless both parties, while maintaining their above-stated positions, agreed in a stipulation (filed February 12, 2015) that the issues before them can be settled, and that a decision should be entered awarding Petitioner compensation.

I have reviewed the file, and based upon that review, I conclude that the parties' stipulation (as attached hereto) is reasonable. I therefore adopt it as my decision in awarding damages on the terms set forth therein.

The stipulation awards:

- A lump sum of \$325,000.00 in the form of a check payable to Petitioner.

Stipulation ¶ 8. This amount represents all compensation for damages that would be available under 42 U.S.C. § 300aa-15(a).

I approve a Vaccine Program award in the requested amounts set forth above to be made to Petitioner. In the absence of a motion for review filed pursuant to RCFC Appendix B, the clerk of the court is directed to enter judgment herewith.³

IT IS SO ORDERED.

Brian H. Corcoran
Special Master

³ Pursuant to Vaccine Rule 11(a), the parties may expedite entry of judgment by each filing (either jointly or separately) a notice renouncing their right to seek review.

STIPULATION

The parties hereby stipulate to the following matters:

1. Kyle H. Goelling ("petitioner") filed a petition for vaccine compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 to 34 (the "Vaccine Program"). The petition seeks compensation for injuries allegedly related to petitioner's receipt of the tetanus-diphtheria-acellular pertussis (Tdap) and meningococcal vaccines [hereinafter collectively referred to as "the vaccines"], which vaccines are contained in the Vaccine Injury Table (the "Table"), 42 C.F.R. § 100.3(a).
2. Petitioner received the vaccines on or about June 5, 2010.
3. The vaccines were administered within the United States.
4. Petitioner alleges that the vaccines, either singly or in combination, caused him to develop acute disseminated encephalomyelitis (ADEM) and related sequelae and that he experienced residual effects of this injury for more than six months.
5. Petitioner represents that there has been no prior award or settlement of a civil action for damages as a result of his condition.

6. Respondent denies that the vaccines, either singly or in combination, are the cause of petitioner's ADEM and/or any other injury.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payment:

A lump sum of **\$325,000.00** in the form of a check payable to petitioner. This amount represents all compensation for damages that would be available under 42 U.S.C. § 300aa-15(a).

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorneys' fees and costs incurred in proceeding upon this petition.

10. Petitioner and his attorney represent that they have identified to respondent all known sources of payment for items or services for which the Program is not primarily liable under 42 U.S.C. § 300aa-15(g), including State compensation programs, insurance policies, Federal or State health benefits programs (other than Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.)), or entities that provide health services on a pre-paid basis.

11. Payment made pursuant to paragraph 8 and any amounts awarded pursuant to paragraph 9 of this Stipulation will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

12. The parties and their attorneys further agree and stipulate that, except for any award for attorneys' fees and litigation costs, and past unreimbursable expenses, the money provided pursuant to this Stipulation will be used solely for the benefit of petitioner as contemplated by a strict construction of 42 U.S.C. § 300aa-15(a) and (d), and subject to the conditions of 42 U.S.C. § 300aa-15(g) and (h).

13. In return for the payments described in paragraphs 8 and 9, petitioner, in his individual capacity and on behalf of his heirs, executors, administrators, successors and/or assigns, does forever irrevocably and unconditionally release, acquit and discharge the United States and the Secretary of Health and Human Services from any and all actions or causes of action (including agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature) that have been brought, could have been brought, or could be timely brought in the Court of Federal Claims, under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 et seq., on account of, or in any way growing out of, any and all known or unknown, suspected or unsuspected personal injuries to or death of petitioner resulting from, or alleged to have resulted from, the vaccines administered on or about June 5, 2010, as alleged by petitioner in a petition for vaccine compensation filed on or about October 13, 2011, in the United States Court of Federal Claims as petition No. 11-674V.

14. If petitioner should die prior to entry of judgment, this agreement shall be voidable upon proper notice to the Court on behalf of either or both of the parties.

15. If the special master fails to issue a decision in complete conformity with the terms of this Stipulation or if the Court of Federal Claims fails to enter judgment in conformity with a decision that is in complete conformity with the terms of this Stipulation, then the parties' settlement and this Stipulation shall be voidable at the sole discretion of either party.

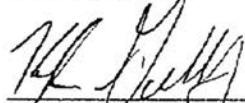

17. This Stipulation shall not be construed as an admission by the United States or the Secretary of Health and Human Services that the vaccines, either singly or in combination, caused petitioner's ADEM and/or any other injury.

END OF STIPULATION
